

Ayush Das

Full Stack Web Developer (MERN)

As a Master of Computer Applications (MCA) student with a deep passion for coding, I have honed my skills in various programming languages and software development methodologies. My academic journey has been marked by a commitment to understanding and solving complex problems through innovative coding solutions. I have actively participated in some projects that have allowed me to apply my knowledge. My dedication to continuous learning and adaptability positions me to contribute effectively in dynamic and challenging environments.
